

## International Women's Day – Rally in Hyde Park Sydney - 2020

**Venue:** Hyde Park, Sydney to Belmore Park, Central

**Date:** 8 March 2020

**CHS P&C attended the Rally because:** An active portion of the P&C membership advocates where possible for young and older Australian women. That includes our Daughters, Mothers, Grandmothers, Aunts and Sisters.

For education, work and pay conditions, safe housing and equal opportunity. Each year the P&C hosts an International Women's Day Event for the students, parents and carers. The past two years we have worked with the school to bring in Female guest speakers that tell their story about how they got to where they are today, and the trials and tribulations along the way. This is good information for both male and female students, who are growing up in contemporary Australia.

Joining this rally is a way of showing that CHS P&C is progressive and is involved in our student's school and education. That we understand the issues affecting the women of today, and the women of tomorrow. Our banner was held by two young men (including my own Son), who were congratulated by many for attending and showing support for women across the world.

Well done guys!

**Below:** P&C President Angela Smith hand making the banner, from a white sheet that was hand sewn on both sides to hold dowel rods from Bunnings. Two male students below Tom & Elliot.
